PROFESSIONAL EXPERIENCE

Co-founder & Manager — **Apr 2026 – Present**

2N Solution Labs

- Co-founded and lead the strategic and operational direction of 2N Solution Labs, a startup specializing in intelligent solutions development and software engineering.
- Manage and coordinate company activities: product development, strategy, organization and business development.
- Designed and developed **2N Solution**, a **certified (labelled) platform** integrating artificial intelligence for recruitment, CV creation, virtual interviews and intelligent talent matching.
- Designed and developed **TrackSolidPro**, a GPS tracking and fleet management platform featuring a secure client area and an administration dashboard.
- Drive technical evolution and contribute to the digital and marketing strategy (SEO, Content Marketing, LinkedIn Marketing and Growth).
- Technologies: Next.js, Python, TypeScript, Tailwind CSS, MongoDB, Firebase, Docker, REST API, AI APIs and Git.

Web Developer — **Apr 2023 – Mar 2026**

Société Next

- Designed and developed **FlyAndFerry.com**, a complete travel management solution.
- Developed the platforms **sirysvrapp.tn** (order and delivery management), **SiryRH** (human resources management), **freeoui.com** (offer management) and **Amadeus** (agency management).
- Developed the web application **saphir.tn**, dedicated to hotel management.
- Database & server configuration (production/staging), administration (Plesk, Coolify, SSH) and Docker deployment (Dockerfile).
- Technologies used: Laravel, Next.js, Nuxt.js, Angular, Prisma, REST API, Tailwind, PostgreSQL, MongoDB.

Web Developer Intern (Final-Year Project) — **Feb 2025 – May 2025**

Société Next

- Developed an intelligent purchase management system with automated invoice processing via OCR.
- Implemented a stock management system using RFID.
- Integrated a facial recognition module to secure access and trace sensitive operations.
- Completed the full project using Arduino, Vue.js, Laravel and Git.

EDUCATION

- Virtual University of Tunis – Master's Degree in New Telecommunications and Networks Technologies — **2023 – 2025**
- Higher Institute of Technological Studies of Kairouan – Bachelor's Degree in Computer Science Technology — **2020 – 2023**
- Menzel Bouzelfa Secondary School – Baccalaureate in Experimental Sciences — **2019 – 2020**
